

## Full Product Specification

CarboSHOTZ Energy Gel

Code SHO001

**“Finish What You Started!”**

Available in the UK for the first time, SHOTZ has a formidable reputation worldwide, for bringing high performance nutritional products to the world of Triathlon, Running and Cycling. Originating from Australia, SHOTZ like its homeland is synonymous with sporting excellence.

### Product Information

CarboSHOTZ energy Gel is a ground-breaking, great tasting gel that stimulates your mind, fuels your body and makes you feel good. Thanks to some of the latest developments in nutritional science, CarboSHOTZ Energy Gel dissolves quickly into your system and gives your mind and muscles a perfectly measured dose of natural complex grain carbohydrates.

Carbohydrates are what make our bodies tick and the natural reserves we carry can run out very quickly after periods of exertion, leading to fatigue and loss of control. With CarboSHOTZ Energy Gel these carbohydrate reserves receive a scientifically measured "top up", meaning your muscles and mind continue to perform at their peak - even after you've put yourself through your paces.

Available in great variety of flavours: Cola, Lemon & Lime, Vanilla, Banana and Wild Berry
