SHOTZ Electrolyte Tablets

Code SHO002

“Finish What You Started!”

Available in the UK for the first time, SHOTZ has a formidable reputation worldwide, for bringing high performance nutritional products to the world of Triathlon, Running and Cycling. Originating from Australia, SHOTZ like its homeland is synonymous with sporting excellence.

Product Information

SHOTZ Electrolyte Tablets are the ultimate in portable, thirst quenching hydration. SHOTZ Electrolyte Tablets are super convenient effervescent tablets that dissolve quickly in water to help deliver the precise amount of electrolytes to keep you hydrated. Take them wherever your sport takes you. The handy tough tube fits nicely in your cycle jersey, back pack, sports bag ready for any and every challenge. Staying hydrated and replacing electrolytes is a smart move for anyone who wants to perform well and the SHOTZ Electrolyte Tablet has all the answers.

Available with a slight lemon flavoring to give that thirst quenching taste. 1 SHOTZ Electrolyte Tablet will make 500ml of refreshing hydration drink.
